

## **WORKSHOP SESSION**

Tuesday September 17, 2019

6:00 P.M.

**Meeting to be held at the Merrill City Hall, 301 E. Second Street, Merrill, OR**

### Item #1 Code Enforcement Organization

- The case for code enforcement being a police function – Counselor Smith leads discussion
- The case for code enforcement being a stand-alone function – Counselor Hinton leads discussion

The intention of the Code Enforcement workshop is to discuss and debate the two options above and perhaps develop something better. No decisions will be made at the workshop. Code enforcement options developed at this workshop will be presented at the October City Council meeting for a vote.

### Item #2 Use of the Executive Session

- Review of Attorney Schade's document listing City business that can be conducted while the City Council is in executive session
- Review of Attorney Schade's responses to City Councilor, staff and public questions

This agenda is posted and distributed on Wednesday September 11, 2019. Any person wishing to ask Attorney Schade specific questions regarding her interpretation of the Laws governing executive sessions are encouraged to do so in writing to the City Recorder. The deadline for question submittal is 4pm this Friday.

The Mayor has a single question- Are there any circumstances where the City Council can discuss or develop departmental policy in executive session?

Please add your own.
