ADVANTAGES

- * **Freedom to choose your dentist:** Delta Dental is unique in that we have contracts with more than 2,400 licensed Premier providers in Oregon and 156,000 nationwide. More than 1,300 are also PPO providers in Oregon and 112,000 nationwide.
- * **Professional Arrangements:** The Delta Dental Passive PPO plan utilizes a select group of dentists who have contracted with us at a preferred rate. This helps ensure that members who utilize the services of a preferred dentist have lower out-of-pocket costs. While receiving treatment from a Preferred Provider is still the most cost-effective option, your plan allows for services to be rendered by a non-preferred dentist, while still maintaining the same percentage of coverage. Members who utilize Premier and PPO providers will not be balanced billed. Members who utilize non-participating providers will be responsible for charges above the maximum plan allowance.
- * **Pre-determination:** As a service to our customers, your dental office can submit a pre-treatment plan to Delta Dental on your behalf, and we will return it to your dentist, indicating the dollar allowance that will be covered by your plan **before** you go forward with treatment.
- * **Health through Oral Wellness® program:** Your plan includes access to the Health through Oral Wellness program. This patient-centered program provides enhanced benefits designed to help you maintain better oral health through risk assessment, education and additional evidence-based preventive care.

LIMITATIONS

If an eligible person selects a more expensive plan of treatment than is functionally adequate, Delta Dental will pay the applicable percentage of the maximum plan allowance for the least costly treatment. The patient will then be responsible for the remainder of the dental providers' fees.

Class I - Preventive

- * **Diagnostic:** Supplementary bitewing x-rays are covered once in any 12-month period. Complete series x-rays or a panoramic film are covered once in any 5-year period.

Class II - Basic

- * **Restorative:** A separate charge for general anesthesia and/or IV sedation is not covered when used for non-surgical procedures. A separate charge for anesthesia may be covered when, in our judgment, it is necessary for complex oral surgery or due to the existence of a concurrent medical condition.

Class III - Major

- * **Restorative:** If a tooth can be restored by amalgam or composite filling, but another type of restoration is selected by the patient and dentist, the covered expense will be limited to the cost of composite. Crowns and other cast restorations (including onlays and replacement inlays) are covered once in a seven (7) year period on any tooth.
- * **Prosthodontic:** A prosthetic device will be covered once in a seven (7) year period provided the tooth has not been crowned within the past seven (7) years. Specialized or personalized prosthetics are limited to the cost of standard devices.
